## About us...

M.S. Industries was established in the Year 1979,, New Delhi. The company provides one of the most upto date and technically advanced range of SWITCH GEARS, FUSE UNIT, CHANGE OVER , MCB BOXES, RF SWITCHES & BUS BAR. These products manufactured by us have advance features such as modern styling, sound technical performance and compliance with all Indian and British Standard Specification. The range also ensures compliance with Electricity Regulations. These advance features of our product command respect in the market and warrant the consideration of every discerning consultant and Electrical Engineer because of their matchless quality having passed through rigid Quality Control System.

## Technical features

- Better quality of COPPER and BRASS contact as per IS specifications are used for longer life.
- All live parts are fully shrouded.
- Interlocking arrangement to prevent cover from opening in 'ON' position & on 'OFF' position protection against connection activation when cover is open.
- Cable terminals are suitable for accommodating aluminium/copper conductors.
- Quick make and break mechanism for longer life.
- Plastic coated ON& OFF operation Handle avoids Electric Shocks.

## Mounting

Switches fuse units and our other products can be easily mounted Switch Fuse Unit are easy for domestic, agriculture and industrial panel board mounting. Entry holes at top, bottom and at rear side of switch fuse unit facilitates easy cable connections.
